

5 Keys to Communication Success

PRESENTED BY

At Columbine Audiology, Inc., we understand that hearing loss affects each person differently. Because no single treatment plan is all encompassing, we are committed to providing a comprehensive communication solution personalized to every patient's unique hearing needs. Our audiologists will work closely with you one-on-one to create a customized treatment plan designed to help you overcome the challenges related to your hearing loss. We'll include your loved ones and other communication partners in the process to ensure those you care about the most are actively involved in improving your quality of life. Better communication through effortless hearing is our goal for you, and we'll be there for you every step of the way to ensure you achieve it.

Frustrated by
HEARING LOSS?

Hearing loss is the third most common age-related health condition. While millions of people suffer from hearing loss, billions of people are frustrated by the communication breakdowns that often result from this silent disability. Hearing aids can help, but they are only one piece of the communication puzzle. Conquer those communication breakdowns with **The Five Keys to Communication Success**:

FAMILY & RELATIONSHIPS / AGING

You should read this book if you...

- Have hearing loss
- Wear hearing aids
- Are avoiding hearing aids
- Have a friend or family member with hearing loss
- Work with someone with hearing loss
- Are a professional who works with older adults

"This book is outstanding. I wish I had received a copy from my audiologist when I got my first pair of hearing aids eight years ago. It would have made such a difference as I adapted to life with hearing aids."

Sarah, Speak-Up Librarian blogger

"...helped me to understand my father's hearing difficulties, and to better support him through the hearing aid process."

Jill M., Marshall, MO

"At last, a book that truly tells it like it is...offers constructive, realistic solutions discussed in an environment-specific format."

Robert W. Sweetow, PhD
University of California
