

AUDITORY REHABILITATION

Hearing aids are only one piece of the puzzle when it comes to improving communication.

Our comprehensive auditory rehabilitation program will teach you the 5 Keys to Communication Success.

SPEAKER

You'll learn important tips to share with your friends and family members to help them become better communicators.

LISTENER

Hearing and listening are not the same things. We'll teach you simple strategies to boost your active listening skills.

ENVIRONMENT

There are lots of ways to modify your environment for successful communication, and we'll teach you all of them.

TECHNOLOGY

Your hearing aids will work best when you know how to properly use and care for them. By the end of this program, you'll be a tech expert!

PRACTICE

Weekly "assignments" will give you fun and easy ways to practice what you've learned and create new successful communication habits.
